Database

: MySQL, Oracle, Mongo, Cassandra

Build tools

: Ant, Maven, and Gradle

Project Management

: Jira, Confluence

Unit Testing

: Junit, Mockito, OkHttp, Mocha

EDUCATION

MSc: Computer Science

Osmania University

2003

BSc: Computer Science

Kakatiya University

2001

WORK EXPERIENCE

Mar'23 – Present, Senior Full Stack Engineer, Streatek Technologies, Hyderabad, Telangana

Key Result Areas:

- Collaborate with stakeholders to gather requirements, analyze business needs, and translate them into technical specifications.
- Utilize agile methodologies, such as Scrum and Kanban, to manage project timelines, allocate resources, and ensure on-time delivery of software solutions.
- Conduct code reviews, providing constructive feedback and promoting code quality.
- Mentor and train junior developers, facilitating their professional growth and contributing to team success.
- Actively participate in technical discussions, providing expertise and guidance to resolve complex technical challenges

Jun'21 – Mar' 23, Senior Technical Architect, Aimlytics, Hyderabad, Telangana

Key Result Areas:

- Administering 2 major projects of high valuation with 2 teams of 5 of and 15- 20 members
- Architected & developed end-to-end micro-services, scalable multi-channel application
- Gathering business requirements and translating them into the high-level design of the application
- Conducting Sprint & Release planning and defect tirage
- Working with various IoT vendors and built multiple proof of concepts for smart bike solutions
- Designing and developing IoT solutions
- Adopting Test-Driven Development
- Instituted pair- programming and other agile practices throughout the company
- Incorporating development, operation and deployment of best practices in the team and organization
- Preparing reports in Metabase

Feb'20 – May'21, Senior Software Engineer, Wells Fargo, Hyderabad, Telangana

Key Result Areas:

- Assisted project managers, developers, quality assurance and customers to resolve technical issues
- Trained and mentored junior developers and engineers
- Reviewed project specifications and designed technology solutions that met or exceeded performance expectations
- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance
- Communicated with internal personnel and external stakeholders of project milestones

Jun'17 – Feb'20, Technical Lead, Seef IT Technologies, Hyderabad, Telangana

Key Result Areas:

- Investigated and adopted new technologies to add value to existing offerings
- Supervised architecture, design, and implementation of company-wide platforms and applications
- Enhanced interfaces to promote better functionality for users
- Contributed in automation and monitoring and security measures to reduce required employee attention

PREVIOUS EXPERIENCE

- Jan'16 - Jan'17, Technical Lead, Adroitent ITES Pvt. Ltd., Hyderabad, Telangana
- Sep'13 - Dec'15, Senior Analyst, BA Continuum India, Bank of America, Hyderabad, Telangana
- Sep'12 - Sep'13, Freelancer, InWite, Bangalore, Karnataka
- Mar'11 – Sep'12, Senior Analyst, Cognizant Technology Solutions
- Jun'06 – Sep'11: Product Engineer, Symphony Services, Bangalore, Karnataka
